

1. We had a great visit and really enjoyed the cabin. The location was perfect. The kids enjoyed the upstairs game room. It was really easy to book and there were no issues arriving or departing.
2. This cabin was PERFECT for our Christmas vacation! I wanted a place to gather and be in to cook, play games, watch movies and go on walks without leaving for outside activities. This cabin was exactly what I was hoping for! There were 7 of us, age 17 to 50 and we enjoyed every minute of our stay from the gorgeous porch, hot tub and surrounding area, to the game room and kitchen. Working with Bruce was a pleasure and the cabin was decorated beautifully for Christmas! It was a lovely, luxurious but cozy, homey space to be all together. We did not want to leave!!! I HIGHLY recommend this vacation rental and hope to return with my family in the future.
3. Our cabin could not have been any better!! It was absolutely beautiful with all the amenities that anyone could ask for. It had two king size bedrooms downstairs which was perfect for us and the couple that went with us. I loved the porches and it was decorated for Christmas. My husband commented that they had thought about everything. We have been going to the mountains for years and this was the best cabin we have ever stayed in. We also loved that it was not on a high mountain and all the roads and parking was paved and there was no steps we had to climb to get in the cabin. Can't wait to go back!! The owners were the best!! We had to cancel our first trip in October because of the hurricane and he was great to work with. If you want a place to stay in the mountains you should contact Bruce!! He will do everything to make it easy and wonderful.
4. Property was clean and well maintained. Four adults enjoyed the cabin, playing cards, grilling, and touring the area. Very comfortable and a pleasure to visit. We would surely go back!
5. This cabin was awesome and would highly recommend to anyone visiting the area. The pictures do not do it justice. It was very clean and well equipped. The location was excellent especially for first time visitors to the area, it was very easy to find, not far from Pigeon Forge, parking and roads were good. We loved the game room. Bruce was very easy to work with and replied to all our questions immediately. We have stayed at several cabins over the years and this was one of the nicest. We hope to return in the future.
6. We had a wonderful time in the Smokies and enjoyed staying in Smoky Cove Resort. "Seasons of the Heart" in Smoky Cove is a beautifully decorated, spotlessly clean cabin. We appreciated that it had three bathrooms, too, with all of the family we had with us. That really helped out.
7. We absolutely loved the cabin! It is close to all the attractions, smelled great when we walked in, and had everything we needed for our stay! Thank you so much for sharing our home with us and we will definitely be back!
8. We are frequent tourists to the Gatlinburg / P F area, coming every 2-3 years. This year, we came down for the Southern Gospel Quartet Convention over at Leconte. I wanted to be near traffic light 3 and not too high up in the mountains. This location was perfect and less than 10 minutes to the traffic light. Driving up to, and walking in to Seasons of the Heart is experiencing a brand new cabin as I believe it is less than a year old. The setting is on a very quiet cul-de-sac with no through traffic and even though the neighboring cabins are close, they are separated by trees and shrubbery making it feel secluded. There is a wrap-around porch with a lot of furniture, picnic table, grill and hammock. The floor plan is spacious and adequate for 4 to 6 people. The place was immaculate. We stayed 4 nights and had everything we needed. We used the grill, hot-tub and billiard table in the incredible lofted gameroom which included Foos-ball, Air Hockey, Billiard table and a separate TV / sitting area. The owners have put a lot of thought

into what the travelers want and need in a cabin. Again, there is nothing not to like with this cabin. I will make two additional comments but they are not necessarily to be taken as negative. The two similar sized bedrooms are right next to each other and the adjoining wall is not very sound deadening. Some people might prefer a floor plan with separation of the bedrooms for more privacy. Each bedroom has it's own spacious bathroom. One has a separate shower and jacuzzi tub while the other one has a combination shower / tub. Then, there is yet, another full bath off of the main living area. My other comment is....being lower in the mountain, we've had better, more impressive views from the cabin. However, given the purpose of this trip, this was not real important to us. The give and take, of course is the accessibility to everything.

Summary: Excellent value and an exceptional experience staying at this cabin. We would stay there again and recommend it to anyone. Greg

9. How spectacular "Seasons of the Heart" really is! From the time we pulled in till the time we sadly had to go home, our family thoroughly enjoyed our stay and we hope to have the opportunity to lease again some time. The pictures on VRBO are exactly what you can expect when you arrive. Super clean home, plenty of towels, all the kitchen dinnerware, pots/pans, utensils you could ever need. Funny thing though, we found the bottle opener on our last day as it was hanging near the front door. Ha! No worries though, my husband and son-in-law were able to pop those caps off manually. :-))) Bruce is a stand up guy to work with, and he even called to confirm all was well and that was very much appreciated. We walked around the area every morning looking at the spectacular views and all the other surrounding beautiful cabins. And the steep hills! And my legs! All worth it though to get a nice walk/exercise while surrounded by beautiful country. The drive to/from the cabin was fun too with all the twists and turns on the road. We went to Pigeon Forge a couple of times, and to Gatlinburg a couple of times, and took the scenic drive through the mountains on our last day. The cabin was only minutes from all the attractions and an easy drive. We stumbled upon The Old Mill Village with Restaurant and Distillery in Pigeon Forge. What a pleasant surprise that was. I would highly recommend that restaurant, and beware, the portions are huge! We can't say enough about "Seasons of the Heart" except if you are planning a trip to the Smoky Mountains, trust me, you will want to stay in this cabin. Best, Tammy and Jody Miller Northville, MI
10. We were fortunate to spend a week in this cabin in August 2016. We had a wonderful stay. We arrived after dark on Sunday and was hoping we'd have enough lighting and everything would be easy to access. No worries about that! The cabin was super easy to get to, and there was no hassle with keys or hunting down the owners. All we had to do was use the access code. Upon opening the door, I was super pleased. The cabin was so clean and smelled very fresh, which is important to me. This was probably the easiest cabin to keep clean during our stay and we've stayed in quite a few the past 15 years. Though there are cabins close by, there was no problem with noise or a lot of traffic. We felt at ease letting our children hang out in the front or on the porch lazing about in the hammocks. Another plus, is the closeness to downtown Pigeon Forge and Gatlinburg. It was really nice to be in town within 10 minutes or so. The drive to Gatlinburg was really nice. I would definitely recommend staying in this cabin. Mr. Blake is very easy to work with and will help you if you have any concerns. He takes much pride in his cabins. We will definitely consider this cabin again for our future vacations to the Pigeon Forge area.

11. This cabin was fully furnished. The kitchen had everything you needed. The kids loved the game room....as the adults. The location is perfect as well. I wouldn't change a thing. We hope to come back in the future!!!
12. Our family just returned from an amazing 4 week vacation to the Smoky Mountains during which we stayed at this beautiful cabin. Everything was exactly as pictured, it was absolutely spotless when we arrived, and it was equipped with everything we could possibly need. Our entire family especially enjoyed the game room, hot tub and hammocks, and it was great to have a separate living area in the loft where our 11 and 13 year old boys could get away if they needed a little break from their mom and dad. The location was very convenient to all of the attractions in Pigeon Forge, and the community was very pretty and peaceful. We would definitely stay here again if we return to the area!
13. This was the ninth year for our family to rent a cabin in the Gatlinburg area. We have had three or four generations each year. This cabin was by far one of our favorites. The first thing we noticed was that there are no steep roads to get to the cabin. The directions that Bruce gave us were very easy to follow. It had to be one of the cleanest cabins we have stayed in. Our grandkids spent a lot of time sitting in the hammocks on the porch. The adults loved spending time reading and just relaxing on the swing and chairs. The game room was a real hit. We had a pool, foosball, and air hockey tournament during the week complete with medals for the all time winner. The kitchen had everything we needed to cook meals out on the grill or in the cabin. Our grandkids even bought something from the ice cream truck that made a trip through the resort. Bruce was very kind and we were very happy to meet him at the resort. Some of the restaurants we liked were Bubba Gumps, The Hillbilly Restaurant and the Cuban Cafe. Some activities were horseback riding, go carts, gem mining, and hiking. It was a fantastic week! We loved our stay at Seasons of The Heart and would recommend it to anyone! The Whites and Wennings from Ohio 6/18 - 6/25/16
14. This cabin was amazing and exactly what we needed! Everything was very clean and well stocked. It was exactly what we were looking for! Bruce was super easy to work with and handled our concerns and questions quickly and efficiently. We will definitely be back and may look into renting the adjoining cabin as well so that we can bring more family!
15. The cabin was very charming, lots of character, clean, and accommodating. The upstairs loft was perfect for my teenagers to play all the games and hang out. They loved the game tables, and if it rains, it's perfect to hang out a while. Hot tub was nice, the pool had just opened in the community (Pre Memorial Day), and 10 minute ride to grocery store, Starbucks, or main road to Dollywood. About 20 minutes to Dollywood, but tons of stores, restaurants, and Crispy Creme on the way. Lots of bath towels, and the third bathroom really helped with the kids. We even loved the huge wrap around porch with multiple swings. My kids spent a lot of time in them during the morning chilling out on their phones.
16. The cabin was everything we hoped for and more. It was close to Pigeon Forge but still quiet and private. Very clean and had everything necessary for our stay. The game room was a nice addition to the cabin. We highly recommend this cabin, can't wait to come back.
17. My family and I rented the cabin for a long weekend. We absolutely loved the loft/game room and played countless games of Foosball and pool. There were six of us and this cabin accommodated us all very well. Nobody felt too crowded and the three bathrooms worked out perfectly. Seasons of the Heart is also very close to local attractions and restaurants. You could

be in Pigeon Forge in ten minutes or less but still feel like your cabin was somewhat private and away from the crowds. We would definitely stay here again. The owner is also very kind and hospitable. He was available to us on his cell phone during our trip and was very welcoming. The fireplace in the living room wasn't working properly on our first night so we called Bruce to inform him. He had it fixed promptly the next day. Our stay was nothing short of wonderful. A very fun and relaxing weekend getaway.

18. When we opened the front door of the cabin we were so impressed. The cabin is absolutely beautiful and it was so clean. It was decorated for Christmas and that made it even more magical for our kids. The only complaint that we have is that we wish we could have stayed longer. We can't wait to go back.
19. Our family took a long needed vacation and decided on "Seasons of the Heart" as our rental cabin. By far the best cabin we have ever stayed in. The cabin was clean, well furnished, easily accessible and had every amenity that we could ask for. And the owners could not have been more accommodating. What a wonderful vacation! We will definitely go back.
20. We had an amazing stay!! The cabin was very clean and well equipped with everything we needed!! It was decorated nicely and even had Christmas decorations and a beautiful tree up. All tv's and appliances were modern and updated. It was very quiet, yet only about 10 minutes from town. We didn't have one single problem, our entire 5 day stay and would highly recommend this place to anyone looking. You WON'T be disappointed with this cabin!!
21. I absolutely loved the cabin. It was very easy to find and not far from the shops! The cabin was very well decorated and we had plenty of necessities the whole trip. Bruce was very nice and helpful. We would definitely stay here again in the future!
